Notice

The Undersigned is glad to have results of online assessment test report of IIT Mumbai in context of online Examination and online learning for courses Linux. Digital learning technology of IIT Mumbai is helping our students to save them time, and helping them to boost their Grades. I am happy to see that all 41 students have passed with decent scores. Remaining 14 students who have not passed the test, they can further reappear in the test. Also, new semester is coming ahead, so please make sure to complete the training steps and enroll all students within July 2019 first week, and training can later on be resumed from next semester.
