**Sub; Letter for Training and Placement (AI & Machine Learning) with job guarantee or cash back**

Dear Sir

Greetings from F2GC Technology!!

We, F2GC Technology powered by Applied Courses in association with AAIC Technologies Pvt. Ltd (Hyderabad) are pleased to inform you that our company is offering Training cum Guarantee Placements for efficient pursuing final year graduates (B.Tech/BE, M.Tech/ME, BCA, MCA, B.Sc- IT/CS) and working professionals in AI & ML.

### About Us

F2GC Technology powered by Applied Courses is an Ed-Tech company providing an end- to- end solution for training and up-skilling in new- age technologies. Our team founded by IITians and experts from Top AI based firms such as Amazon, etc. We have so far 10,000+ course enrolments online, 84,000+ technical queries answered and having 200+ companies across the globe where our trained students are working.

### Training Courses Highlights

- No Specific prerequisites
- Simplified course contents
- Dynamic and evolving curriculum designed as per Industry demand
- Practical assessment to reinforce learning
- Certificate of course completion

### Support Services

- One- on- One Mentorship
- Live interactive sessions with industry experts
- Query resolution within 24 hours
- Portfolio development
- Regular student engagement activities

### How is the Job Guarantee possible?

- There are thousands of open positions for Artificial Intelligence, Machine Learning and Data Science roles across various industries which need to be filled in the next few years.
- The demand for Machine Learning and data science engineers is growing and employers care about practical and applicable skills. Our course is structured around real-world projects so that you end up with a strong portfolio to showcase your practical knowledge.
- We are very confident of the relevance, breadth, and depth of our course content. We strongly believe that our course could help you land in most ML roles. We know our course is good and hence we back it with a **job-guarantee**.
- We want our success to be fully aligned with our student's success. Hence, we want to put our money where our mouth is. We achieve this through our job-guarantee or cash back program.

### Job Guarantee Process:

- We understand that changing careers or landing a job is a huge step. That's why we guarantee you will get a job within 6 months of completing all of the course assignments or we will refund the cost of your course excluding GST. We will not be able to refund the GST as it has already been paid to the Govt. of India within the first month of registration.
- Our job guarantee covers India and USA only, making it one of the best in the market.
- Once you finish certain assignments, we will connect you with a mentor who will work with you during rest of the course and provide career counseling and interview preparation guidance.
- Once you complete the course content, our team will help you build a strong portfolio to get you hired.
- We work with multiple recruiting companies and startups through whom we will set up interviews for you to get you placed as an ML engineer.

### Job Guarantee Terms and Conditions:

- It is mandatory to submit all course assignments/exercises within 12 months from your date of registration without any plagiarism.
- If you **submit all the course assignments within 12 months, then you are eligible for either job guarantee or cash back**. Otherwise, we will provide job assistance and career counseling.
- **If you are eligible for job guarantee and you do not get a job within 6 months from your date of completion of all assignments, then we will refund your course fee excluding GST.**
- You have to apply and attend interviews to all the job references given by Applied AI Course. There will be no refund if you are not interested in applying for jobs or if you don't attend the interviews at scheduled times.
- For students pursuing UG/PG, under the Job Guarantee program, we start sending your resume to the companies for jobs after your UG/PG only provided the course is completed with all the assignments within the validity period.
- These terms and conditions may be modified at any time and we will let you know if we update anything.
- This job guarantees or cash back program is applicable only for students who register for AI/ML course on. This program is NOT applicable for AI/ML projects and AI workshops.

**Training Course fees;** 25000.00 INR +GST-18%

**Duration:** One Year

Our mission is to secure capable graduates and train them to exceed their limits. We look forward for your confirmation for a meeting.

Thanks & Regards

**Team f2gc technology**
