Dear Principal and members of GCE Family,

Thank you for your warm wishes on Chandrayaan-2 mission. Chandrayaan-2 Orbiter is doing very well. As a result of our precise launch and subsequent accurate maneuvers, we could save fuel in the Orbiter which has extended its life from one year to seven and a half years. The data from the Orbiter will contribute immensely to the global scientific community.

I once again thank you all for your encouraging words, and your support to the scientific community in ISRO.

With best wishes.

Sincerely yours,
